### **About Tributary Whitewater**

We raft a variety of rivers on the west coast from Class II to Class IV rapids and from 1/2 day trips to multi-day camp and raft trips. One of our primary locations is on the South Fork American River in Lotus, CA with a private riverside campground! In addition, we have an outpost at the Truckee River RV park for our Truckee River operations, and a presence on the Trinity, Lower Klamath, North Yuba and many more rivers in California. In Oregon, we raft from the spring through the fall on a wide range of rivers including the Owyhee River, Deschutes River, Rogue River, and Hells Canyon on the Snake River

We believe that rafting trips bring out the best in people. We feel that people respond to the beauty and challenge of the river, and in doing so, discover the best in themselves. In this hectic world, it becomes even more important to “get away from it all”. Our trips can take you deep into the splendor of the forests and mountains, just like the tributaries of rivers.
